

The Federal Communications Commission

Dear The Federal Communications Commission,

Please reject a flat fee proposal that would change how contributions are made to the Universal Service Fund. I am concerned that this proposal could make my current service unaffordable.

I keep my wireless phone for my personal safety and so that my children's school can always reach me in an emergency. I don't want to lose these important benefits so that big businesses can pay less than their fair share. I urge you to reject the proposal to move the USF collection system to a flat-fee.

Sincerely,

Christine Johnson 202 Iowa Street Oak Park, IL
